**09-Jul-2015**

14a. ☐ Part - 145.A.50 Release to Service  
Certifies that unless otherwise specified in block 12, the work identified in block 11 and described in block 12, was accomplished in accordance with Part-145 and in respect to that work the items are considered ready for release to service.

14b. Authorised Signature

14c. Certificate / Approval Ref No.

14d. Name

14e. Date (dd/mm/yyyy)

14f. Other regulation specified in block 12

1. This certificate does not automatically constitute authority to install the item(s).

2. Where the user/installer performs work in accordance with regulations of an airworthiness authority different than the airworthiness authority specified in block 1, it is essential that the user/installer ensures that his/her airworthiness authority accepts items from the airworthiness authority specified in block 1.

3. Statements in blocks 13a and 14a do not constitute installation certification. In all cases aircraft maintenance records must contain an installation certification issued in accordance with the national regulations by the user/installer before the aircraft may be flown.
