Leki Aviation CPH, USA, SIN are certified suppliers to AS9120B, as supplier, stockist and distributor of aircraft parts with or without full traceability as per the requirements of AS9120 Rev B & ISO9001:2015. Leki Aviation make no independent representation that the parts are airworthy or acceptable for installation. These determinations are made by the installer based on their own inspection of the parts and the documentation forwarded by Leki Aviation. Copies of relevant certification and documentation are enclosed with the parts.

This is to certify that each part covered by this certificate is U.S. type certified by a manufacturer holding a U.S. product certificate, or license agreement with the prime manufacturer, are in accordance with Federal Aviation Regulations Part21. Sub Part L, and are not obtained from any U.S. Government or military source. All used parts were removed from a serviceable unit that had not been subjected to severe stress or heat (as in major engine failure, accident or fire)
