NUMBER 022 ISSUE DATE JUN 30/2017

SB 35-OL0-31-004

The work identified in Block 11 and described herein has been accomplished in accordance with 14 CFR part 43 and in respect to that work, the items are approved for return to service under certificate no. 3XAY938B

13a. Certifies that the items identified above were manufactured in conformity to:

14a. ☒ Part-145 A.50 Release to Service

☒ Other regulation specified in block 12

- ☐ approved design data and are in a condition for safe operation
☐ non-approved design data specified in block 12

Certifies that unless otherwise specified in block 12, the work identified in block 11 and described in block 12 was accomplished in accordance with Part 145 and in respect to that work the items are considered ready for release to service.

13b. Authorised Signature	13c. Approval / Authorisation Number	14b. Authorised Signature ELECTRONIC SIGNATURE ON FILE 	14c. Certificate/Approval Ref. No FR.145.0115

USER/INSTALLER RESPONSIBILITIES :

This certificate does not automatically constitute authority to install the item(s).

Where the user/installer performs work in accordance with regulations of an airworthiness authority different than the airworthiness authority specified in block 1, it is essential that the user/installer ensures that his/her airworthiness authority accepts items from the airworthiness authority specified in block 1.

Statements in blocks 13a and 14a do not constitute installation certification. In all cases aircraft maintenance records must contain an installation certification issued in accordance with the national regulations by the user/installer before the aircraft may be flown.
