| USER / INSTALLER RESPONSIBILITIES                                                                                                                                                                                                                                                                                                                                                                                                  |                                             |                                    |                      |                                                                                                                                                      |                                  |
| This certificate does not automatically constitute authority to install the item(s).                                                                                                                                                                                                                                                                                                                                               |                                             |                                    |                      |                                                                                                                                                      |                                  |
| Where the user/installer performs work in accordance with regulations of an Airworthiness Authority different than the Airworthiness Authority specified in block 1, it is essential that the user/installer ensures that his/her Airworthiness Authority accepts items from the Airworthiness Authority specified in block 1.                                                                                                     |                                             |                                    |                      |                                                                                                                                                      |                                  |
| Statements in blocks 13a and 14a do not constitute installation certification. In all cases aircraft maintenance records must contain an installation certification issued in accordance with the national regulations by the user/installer before the aircraft may be flown.                                                                                                                                                     |                                             |                                    |                      |                                                                                                                                                      |                                  |

## Tear Down/Inspection

**Work Order #:** WAV2318233

**Date Printed:** 26/09/2023

**Page:** 1

**To:**

A.J. Walter Aviation Ltd.  
Maydwell Avenue  
The Headquarters  
Slinford RH13 0AS  
United Kingdom

**Ship To:**

A.J. Walter Aviation Ltd.  
Maydwell Avenue  
The Headquarters  
Slinford RH13 0AS  
United Kingdom

**Reference:** R417469

**Part Number:** MXP147-3

**Description:** Flight Crew Mask Stowage

**Serial Number:** SE59055

**Customer Remarks:**

Repair

Test handle broken

**Results from inspection:**

**Faults:**

L/H Door damaged possibly due to impact - CID  
Protector cracked possibly due to over tightening - CID  
Stud Lock damaged possibly due to mishandling - CID

Unit is due for Overhaul

Information for Customer

Unit DMF: JUN-2013

Unit requires overhaul

**Work to be performed:**

Overhaul

Strip and Clean.

Fit replacement L/H Door, Protector and Stud lock.

Overhaul, Test and Certify with reference to the correct issue of the CMM.
