USER / INSTALLER RESPONSIBILITIES

This certificate does not automatically constitute authority to install the item(s).

Where the user/installer performs work in accordance with regulations of an airworthiness authority different than the airworthiness authority specified in block 1, it is essential that the user/installer ensures that his/her airworthiness authority accepts items from the airworthiness authority specified in block 1. Statements in blocks 13a and 14a do not constitute installation certification. In all cases aircraft maintenance records must contain an installation certification issued in accordance with the national regulations by the user/installer before the aircraft may be flown.

CUSTOMER INFORMATION LETTER PROGRAM: ALL

Subject: Authorised Release Certificate AAC-038 Digital Release Process

Dear Customer,

We hereby inform you, that Diehl Aerospace GmbH (DAs) – Customer Service Center (CSC) Europe; MiddleEast & Africa (EuMEA) @ Toulouse [France] will implement a digital release process for the Authorised Release Certificate AAC-038.

The digital release process is integrated into the delivery process in the *Diehl Aerospace* ERP-system SAP. The process has been agreed with the competent airworthiness authority CAAC and conforms to EU Regulations (Commission Regulation (EC) No 2042/2003 amended by Commission Regulation (EU) No 127/2010) with corresponding Guidance Material and Acceptable Means of Compliance.

The responsible CAAC Flight Standards Department Beijing agreed on the application of the digital release process also for the Authorised Release Certificate AAC-038 as regulated in the aforementioned EASA regulation.

We hereby advise you that from September 2012 you will receive Authorised Release Certificate AAC-038's which are issued by this Digital Release Process. These digital released Authorised Release Certificate AAC-038's under CAAC Maintenance Organization Certificate (F03300453) for used parts, can be identified by the watermark "PRINTED FROM ELECTRONIC FILE".

An Authorised Release Certificate AAC-038 can and will only be issued for maintained equipment released to service under CAAC Maintenance Organization Certificate F03300453 and therefore in accordance with CCAR-Part145 regulation as well as the current valid Maintenance Capability List approved by CAAC.

We kindly request you to take note of the above information.

Date: SEP 07/2012
