Certificate of Conformance

It is hereby certified that the materials, parts or assemblies supplied in this shipment have been processed/inspected/tested per the applicable specifications and in accordance with the requirements of the purchase order. Unless otherwise noted, these items processed/inspected/tested have been found in conformance with these specifications and requirements. All materials supplied are free of mercury and mercury compound contamination while in our facility.

Evidence of test reports, process certifications, inspection reports, and/or other objective evidence of conformance are on file and available for review by customers and/or government representatives within reasonable time upon request. Required documentation is subject to a surcharge.
