\*\*\* STANDARD SERVICE \*\*\*

For all queries and service offers please visit our help section at [rswwww.com](http://rswwww.com)  
Thank you for your order. Your order is accepted subject to the Terms and Conditions of Sale set out in our current catalogue. Please check your delivery. You must notify RS in writing, accompanied by this Delivery Note, within 10 days of receipt of the goods if this delivery is not in accordance with your order. UK customers intending to export any of the goods supplied, are responsible for ensuring full compliance with all applicable export regulations and for obtaining any licences that may be required.

#### \*\*\*Statement of Conformity\*\*\*

Unless otherwise stated the whole of the supplies detailed hereon conform to the specifications published in the current RS Catalogue and have been subject to the quality conditions of our registration to BS EN ISO9001:2008 management standard. In addition, all relevant semiconductor devices have been handled and packed under conditions that meet the administrative and technical requirements of ANSI/ESD S20.20 and EN61340-5-1 electrostatics management standards.

RS Components Ltd  
Customer Returns Dept.

Birchington Road

Corby

Northants

NN17 9RS

RS Returns Number: \_\_\_\_\_

## Four easy steps to return goods to RS:

1. Log onto [rswww.com/returns](http://rswww.com/returns)
2. Follow the instructions and complete the online returns form (there is no need to fill in the Customer Returns Form on the right hand side of this page).
3. RS will supply a Returns Number by email which must be entered on to the above address label.
4. Please ensure all returned items are securely packaged and sent using the above address label.\*\*

Alternatively, if you do not have access to our website, contact RS for a Returns Number on 01536 444123 and complete the Customer Returns Form on this page. The completed form must accompany your parcel on return to the above address.

**Statement of Conformity:** The products listed overleaf conform to specifications published by RS Components and have been processed under conditions that satisfy the requirements of the ISO9001 quality management standard.  
In addition, all relevant semiconductor devices have been handled and packed under conditions that meet the administrative and technical requirements of ANS/ESD S20.20 and EN61340-5-1 electrostatics control standards.
