

Formulaire 1 de l'EASA

USER/INSTALLER RESPONSIBILITIES / Responsabilités de l'utilisateur/installateur
This certificate does not automatically constitute authority to install the item(s)
Ce document ne constitue pas forcément l'autorisation d'installer l'(es) item(s)
Where the user/installer performs work in accordance with regulations of an airworthiness authority different than the airworthiness authority specified in block 1 it is essential that the user/installer ensures that higher airworthiness authority accepts items from the airworthiness authority specified in block 1
Quand l'utilisateur/installateur travaille selon les réglementations d'une autorité de navigabilité différente de l'autorité de navigabilité mentionnée dans la case 1, il est essentiel que l'utilisateur/installateur s'assure que son autorité de navigabilité accepte les items libérés par l'autorité de navigabilité mentionnée dans la case 1.
Statements in blocks 13a and 14a do not constitute installation certification. In all cases aircraft maintenance records must contain an installation certification issued in accordance with the national regulations by the user/installer before the aircraft may be flown
Les indications portées en cases 13a et 14a ne constituent pas une certification de montage. Dans tous les cas le dossier d'entretien de l'aéronef doit contenir une certification d'installation délivrée conformément aux règlements nationaux par l'utilisateur/installateur avant que l'aéronef puisse voler.

Leki Aviation CPH, USA, SIN, and UK are certified suppliers to AS9120B, (USA and SIN to ASA-100; CPH and UK to AC 00-56B) as supplier, stockist and distributor of aircraft parts as per the requirements of AS9120 Rev B & ISO9001:2015, AC 00-56B, & ASA-100 (SIN & USA only). Leki Aviation makes no independent representations that the parts herein are airworthy or acceptable for installation. These determinations are made by the installer based on their own inspection of the parts and the documentation forwarded by Leki Aviation. True Certified Copies and/or Originals (as required) of relevant certification(s) and documentation are enclosed with the parts and Originals (or True Copies) received from our Supplier are kept on file.

This document is issued to certify that each part covered by this certificate is U.S. type-certified by a manufacturer holding a U.S. product certificate, or license agreement with the prime manufacturer, are in accordance with Federal Aviation Regulations Part 21. Sub Part L and were not obtained from any Government or military source. All used parts were removed from a serviceable unit that was not subjected to severe/extreme: stress, heat, or environment (as in major engine failure, accident or fire).

FN: Factory New, NE: New, NS: New Surplus, OH: Overhauled, SV: Serviceable, RP: Repaired, AR: AS Removed, US: Unserviceable
