EASA Form 1 - Issue 1 / Formulaire 1 de l'EASA - Edition 1

Note : 1. It is important to understand that the existence of the document alone does not automatically constitute authority to install the part/component/assembly.
Il est important de comprendre que de par son existence, ce document ne constitue pas forcément l'autorisation d'installer la pièce/élément/ensemble.

2. Where the user/installer works in accordance with the national regulations of an Airworthiness Authority different than the Airworthiness Authority specified in block 1, it is essential that the user/installer ensures that his/her Airworthiness Authority accepts part/component/assemblies from the Airworthiness Authority specified in block 1.
Quand l'utilisateur/installateur travaille selon la réglementation nationale d'une autorité de navigabilité différente de l'autorité de navigabilité mentionnée dans la case 1, il est essentiel que l'utilisateur/installateur s'assure que son autorité de navigabilité accepte les pièces/composants/ensembles libérés par l'autorité de navigabilité mentionnée dans la case 1.

3. Statements 14 and 19 do not constitute installation certification. In all cases the aircraft maintenance record shall contain an installation certification issued in accordance with the national regulations by the user/installer before the aircraft may be flown. Les indications portées des cases 14 et 19 ne constituent pas une certification de montage. Dans tous le dossier d'entretien de l'aéronef doit contenir une certification d'installation délivrée conformément aux règlements nationaux par l'utilisateur/installateur avant que l'aéronef puisse décoller.

Subject: DELIVERY NOTE

Ref: PDQ122

This certifies that all the referenced components were received by the CSA with all the necessary documents to clear identify their origin, comply with the standards, manufacturer and source (certificates, forms, traceability documents, etc) in accordance with the requirements for Acceptance of material demands regulated by JAR-145 (CAA CZ 001; from 30/06/1998 to 28/06/2004) or FAR-145 (CLEY877C; from 12/12/2003 to 31/07/2010) or EASA PART 145 (CZ.145.0001 from 29/06/2006 to 31/07/2010) and EASA PART 145 (CZ.145.0067 since 01/08/2011).

During their hold in Czech Airlines (aircraft and store) the components were not involved in any major accident or incident, they were not subjected to extreme stress or heat, accident, fire, or submerged in salt water. They were not obtained from a military or government source.
