USER/INSTALLER RESPONSIBILITIES

certificate does not automatically constitute authority to install the item(s).

The user/installer performs work in accordance with regulations of an airworthiness authority different than the airworthiness authority specified in block 1, it is essential that the installer ensures that his/her airworthiness authority accepts items from the airworthiness authority specified in block 1.

Items in blocks 13a and 14a do not constitute installation certification. In all cases aircraft maintenance records must contain an installation certification issued in accordance with national regulations by the user/installer before the aircraft may be flown.
