TASK PERFORMED IN ACCORDANCE WITH CMM 36-11-35
REV. 9 / CMDS 36-11-35 ISSUE 010

Return to Service in Accordance with 14 CFR part 43

The work identified in Block 11 and described herein has been accomplished in accordance with 14 CFR part 43 and in respect to that work, the items are approved for release or return to service under

FAA Certificate No.: DLAY225D

TCCA Approval No.: 897-08

13a. Certifies that the items identified above were manufactured in conformity to:

☐ approved design data and are in a condition for safe operation ☐ non-approved design data specified in block 12

14a. ☒ Part-145 A.50 Release to Service

Certifies that unless otherwise specified in block 12, the work, identified in block 11 and described in block 12, was accomplished in accordance with Part-145 and in respect to that work the items are considered ready for release to service.

USER/INSTALLER RESPONSIBILITIES

Note: This certificate does not automatically constitute authority to install the item(s).

Where the user/installer performs work in accordance with regulations of an airworthiness authority different than the airworthiness authority specified in block 1, it is essential that the user/installer ensures that his/her airworthiness authority accepts items from the airworthiness authority specified in block 1.

Statements in blocks 13a and 14a do not constitute installation certification. In all cases aircraft maintenance records must contain an installation certification issued in accordance with the national regulations by the user/installer before the aircraft may be flown.
