CERTIFICATE OF CONFORMANCE

The product defined herein has been manufactured and inspected in conformance with contractual requirements. All dimensional, mechanical and metallurgical tests were conducted in accordance with, and conform to, the requirements of the applicable drawing(s) and specification(s). All required processing, chemical and physical test reports are on file and subject to examination.

The item or part ("Part") released on this Certificate of Conformance (CofC) certifies that the Part meets the performance requirements in accordance with customer's drawings, specifications, and other applicable documents agreed by the parties ("Performance Requirements"). Customer is responsible to ensure that the end use application for the Part is appropriate in light of such Performance Requirements, and further that the Part (as used) meets all applicable laws, regulations, requirements, standards and good aviation industry practices, including but not limited to the Federal Aviation Administration (FAA), European Aviation Safety Agency (EASA) and Civil Aviation Authority (CAA). Should a Part be used in an application that exposes it to conditions beyond the Performance Requirements, this CofC will not apply.

This certification shall not be reproduced except in full without the written approval of HFS. Any alteration to: 1) this certificate, 2) any supporting certifications, or 3) the parts covered by this certificate voids this certification any affirmations related to the parts made by HFS. The recording of false, fictitious or fraudulent statements or entries on this certificate may be punished as a felony under federal law.
