USER / INSTALLER RESPONSIBILITIES

(\*) Installer must cross-check eligibility with applicable technical data

- NOTE: 1. It is important to understand that the existence of the document alone does not automatically constitute authority to install the part / component / assembly.
2. Where the user / installer works in accordance with the national regulations of an Airworthiness Authority different from the Airworthiness Authority specified in block 2 it is essential that the user / installer ensures that his / her Airworthiness Authority accepts parts / components / assemblies from the Airworthiness Authority specified in block 2.
3. Statements 14 and 19 do not constitute installation certification. In all cases the aircraft maintenance record must contain an installation certification issued in accordance with the national regulations by the user / installer before the aircraft may be flown.

**Subject lot / bulk sale from British Airways plc to European Aviation Ltd**

Please accept this note as official confirmation for the following.

British Airways have sold a lot / bulk sale of aircraft parts to European Aviation Ltd.

The internal paperwork raised by British Airways quotes two sales orders.

SA9700006 and SA9700007

The numeric number 9 on our systems is dropped although sometimes can still be annotated and quoted on delivery notes and material certificates issued for these parts.

This numeric number 9 is used purely to denote the year in which the sales order was raised, i.e. 9700006 means sales order 00006 was raised in 1997.
