USER / INSTALLER RESPONSIBILITIES

This certificate does not automatically constitute authority to install the item(s).
Where the user/installer performs work in accordance with regulations of an airworthiness authority different than the airworthiness authority specified in block 1, it is essential that the user/installer ensures that higher airworthiness authority accepts items from the airworthiness authority specified in block 1.

Statements in blocks 13 and 14 do not constitute installation certification in all cases aircraft maintenance records must contain an installation certification issued in accordance with the national regulations by the user/installer before the aircraft may be flown.

Certificate of Conformance

Satair Inc. is a certified distributor and meets all applicable requirements of ISO 9001:2008, EN/AS 9120 and FAA AC 00-56.

SATAIR makes no independent representation that the parts are acceptable for installation. These determinations are to be made by the installer based on an inspection of the parts and of the documentation forwarded by SATAIR.

Copies of certificates covering this shipment are enclosed in the parcel in an envelope marked QUALITY DOCUMENTS.

Michael Young
Quality Manager

This document is electronically signed, controlled and only applicable with actual transaction.
